5 Support Components

5.1 Phone Support (24 x 7)

ANTlabs will provide telephone support for any Product covered by this T&C Document. Such support will consist of responding to trouble calls as reasonably required to make the Product perform as described in the current product specifications. Customer support will be provided in accordance with ANTI labs' support policies that are found in the document Product Support Policies and Procedures.

All support cases are handled directly by trained support engineers:

- Phone: +65 6100-SUPP (+65 6100-7877)
- For US Customer: +1-858-217-5147

5.2 Email Support (24 x 7)

ANTlabs will provide support via email (tech-support@antlabs.com) for any Product covered by this T&C Document.

5.3 Software Subscription

Customer is entitled, at no charge, to software patches of covered products, such as bug fixes and new releases that are generally made available at no additional cost to ANTI labs' customers that have a valid product software subscription for the relevant time period. The foregoing right shall not include any options, upgrades or future products which ANTI labs or third party vendors charge for as a separate product or where Customer's installed hardware platform has no further upgrades available according to either (i) the applicable product release notes provided with each release or (ii) a written end-of-life announcement communicated to Customer by ANTI labs. ANTI labs is not obligated to provide hardware upgrades to ensure compatibility with new software versions of its products or to ensure that new software versions of its products are compatible with outdated hardware platforms.

5.4 ANTI labs Cloud Services (ACS) Lite Subscription

ANTI labs Cloud Service (ACS) is an online information service, which provides a centralised platform to manage and gather data from one or more gateways. ANTI labs' customer whose gateway meets the [minimum software requirement](#) is entitled to use ACS Lite at no additional charge.

5.5 Standard Hardware (HW) RMA

Under this option, the customer can report a faulty hardware unit to ANTLabs support. Upon confirmation of the hardware fault, the standard RMA process will be triggered. A replacement unit will be shipped out to the customer on the next business day (Singapore Time) after ANTLabs receives the faulty unit¹. The replacement unit may be new or refurbished at the discretion of ANTLabs.

Customer is responsible for backing up, properly storing configuration files and implementation of those setting on the replacement hardware. The replacement system will be new or refurbished at the discretion of ANTLabs.

The faulty unit must be returned to ANTLabs authorized distributor within twenty (20) days. If not, the full purchase price will be charged to the customer.

5.6 Advanced Hardware (HW) RMA

This is an enhancement to standard hardware RMA, which improves the turn-around time for the customer.

Under this option, the customer can report a faulty hardware unit to ANTLabs support. Upon confirmation of the hardware fault, the RMA process will be triggered. A replacement unit will be shipped out to the customer on the next business day (Singapore) after ANTLabs receives the completed signed RMA request form before 16:00 (Singapore Time) Monday to Friday¹. The replacement unit may be new or refurbished at the discretion of ANTLabs.

Customer is responsible for backing up, properly storing configuration files and implementation of those setting on the replacement hardware. The replacement system will be new or refurbished at the discretion of ANTLabs. RMA unit receives a thirty (30) day hardware warranty or the remainder of the original hardware warranty or active maintenance contract, whichever is longer.

The faulty unit must be returned to ANTLabs authorized distributor within twenty (20) days. If not, the full purchase price will be charged to the customer.

5.7 NBD (Next Business Day) Onsite Servicing

This is an advanced hardware replacement / servicing option whereby replacements parts and our support engineer are sent to customer site on the next business day upon confirmation of RMA. This support option can place a certified engineer at the customer's location the next business day (local), after completion of troubleshooting when ANTLabs support accepts and logs a system hardware fault before 16:00 (local time) Monday to Friday, subject to parts availability. Service is performed on-site at the customer's location and is available Monday - Friday from 9:00 to 17:00 excluding normally observed local holidays.

¹ANTlabs will use reasonable effort to ship out the replacement unit. However, response time may vary, subject to local customs regulations or replacement unit availability.

The End User information (customer name, address, contact number) must be present to activate this level of RMA. Refer to the ANTLabs Support Portal or Appendix A for a sample of the form. Incorrect or incomplete information about the End User will result in this service delivery and may affect the promised service level agreement.

In addition, this level of RMA service is only applicable to products purchased in the specific supported countries and will not apply to parallel-imported units. For example, for a unit purchased in the US, onsite support can only be provided to an address in the US. Refer to ANTLabs Support Portal or Appendix B for the most current list of supported countries. For countries not in the supported list, the support level will fall back to the Hardware RMA (replacement) option detailed above.

All claims filed for hardware units that fail will be repaired at the discretion of ANTLabs. RMA parts / components receive a sixty (60) day hardware warranty or the remainder of the original hardware warranty or active maintenance contract, whichever is longer.

6 Accessories Support

Accessories with one (1) year hardware warranty from the date of Delivery Order (DO).

- a. Account Printer AP2100

Accessories with three (3) months warranty from the date of Delivery Order (DO).

- c. 10 GB cards
- d. SG 4 – 10 GE Fibre / UTP upgrade
- e. IG 4210 - 10 GE Fibre Upgrade (per gateway)

Accessories with Damaged/ Dead on Arrival policy - If on delivery to you. the product packaging has obvious damage or upon opening the packaging, the product is found to have sustained physical damage or shows symptoms of a hardware failure

- f. SG 4 - SFP+ Connectors
- g. IG 4210 - SFP+ Multi-mode SR Connectors
- h. IG 4210 - SFP+ Single-mode LR Connectors

Any hardware failures, replacement or repair is performed via the Returns Material Authorization (RMA) procedure.

7 Software Vouchers

With effective from 1st June 2019, all software vouchers (Device license upgrade, modules, maintenance and ACS subscription) have two (2) years validity from the date of issue. ANTLabs Authorised Resellers can re-validate voucher once before the end of Year 3 from date of issue. An administrative fee of USD 15 per voucher will be charged for re-validation.

For re-validation, the old voucher will be disabled and a new voucher (with 1-year validity) will be issued. Extending voucher validity does not mean extension of support for the gateway.

8 Recertification

Requests for maintenance on Products purchased from sources other than an ANTLabs Authorized Reseller or directly from ANTLabs, or where maintenance has lapsed on the Product for more than sixty (60) days, will first be subject to a health check and inspection by an ANTLabs representative at the rate of US\$250 per unit payable to ANTLabs. The inspection will determine if the unit is at a maintainable state and eligible for coverage.

Once the unit has passed inspection, a maintenance contract and additional services may be purchased at the current published rates. The customer is also required to purchase maintenance support at the then-current standard maintenance fee pro-rated for the time period during which no maintenance was in effect.

After completing the purchase of maintenance, software subscription and support will take up to five (5) days to be reflected on the system while hardware warranty support may take up to fourteen (14) days to take effect.

9 Restrictions

Services provided by ANTLabs under this Agreement are limited to the covered Product and are contingent upon the Customer's proper use of the Product in the application for which it was designed. ANTLabs will not be obligated to provide any service or to correct any malfunction, damage or other problem if the product: (a) has been altered, except by ANTLabs or an ANTLabs-designated representative or in accordance with ANTLabs instructions, (b) has not been installed, operated, repaired, or maintained in accordance with ANTLabs instructions, (c) has been subjected to abnormal physical or electrical stress, misuse, negligence or accident, (d) has been operated outside of the environmental specifications for the Product or (e) is related to configuration of Customer's network beyond that necessary to the use or installation of the Product.

ANTlabs reserves the right to limit or terminate development support (including error correction services) of any product version one (1) year after the date of release of a subsequent Product version in accordance with its end of life (EOL) policies. The foregoing restriction shall apply even if Customer elects to install a Product version other than the then-currently shipping version of the Product.

10 Limitation of Liability and Disclaimer of Warranty

ANTlabs sole obligation and liability hereunder is for the service and repair of the Products covered under this Agreement. ANTLabs will have no further obligation or liability beyond such service and repair. IN NO EVENT WILL ANTLabs BE LIABLE FOR ANY DAMAGE RESULTING FROM LOSS OF USE, DATA, PROFIT, OR BUSINESS, OR FOR ANY SPECIAL, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES, WHETHER ARISING FROM AN ACTION OF CONTRACT, TORT OR OTHER LEGAL THEORY. ANTLabs LIABILITY FOR DAMAGES FOR ANY CAUSE, WHATSOEVER, AND REGARDLESS OF THE FORM OF ACTION (IN CONTRACT OR TORT) WILL BE LIMITED TO THE SERVICE FEE ACTUALLY PAID UNDER THIS AGREEMENT. ANTLabs DISCLAIMS ALL WARRANTIES HEREUNDER, WHETHER EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE OR USE.

11 General Provisions

11.1 Non-Assignment and Non-Transferability

Customer may not transfer its support agreement to a third party without ANTLabs prior written consent. Support agreement entitlements are not transferable between products or customers. A support agreement cannot be transferred from one product to provide coverage on another product, unless this transfer is in connection with an RMA replacement. Support agreements do not transfer with product title transfers between Customer and any third party without the prior written consent of ANTLabs and payment of a re-certification fee.

11.2 Force Majeure

ANTLabs will exercise reasonable efforts to meet its obligations hereunder, but will not be liable or in default under this Agreement due to the delays in delivering materials or furnishing services resulting from any cause beyond its reasonable control including, but not limited, to acts of God, weather, strikes, labor disputes, transportation difficulties, and/or any other cause whatsoever.

11.3 Governing Law

All controversies regarding these terms and conditions will be governed by and construed in accordance with the laws of the Republic of Singapore, without regard to its conflicts of law rules.

11.4 Term and Termination

The support agreement shall enter into effect on the date of purchase of the Support (as written on the Support agreement). The minimum support contract period is 12 months.

11.5 Amendments

No modification or claimed waiver of any provision of the support agreement shall be valid except by written amendment signed by authorized representatives of Customer and ANTLabs.

11.6 Waiver of Contractual Rights

Waiver of any provision herein shall not be deemed a waiver of any other provision herein, nor shall waiver of any breach of the support agreement be construed as a continuing waiver of other breaches of the same or other provisions of the support agreement.

11.7 Severability

If any provision or provisions of the support agreement shall be held to be invalid, illegal, and unenforceable or in conflict with the law of any jurisdiction, the validity, legality and enforceability of the remaining provisions shall not in any way be affected or impaired thereby.

11.8 Entire Agreement

The support agreement constitutes the entire agreement of the parties and supersedes all prior communications, understandings and agreements relating to the subject matter hereof, whether oral or written.
